Two-tank Design

Separate clean and dirty water tanks ensure you're always cleaning with a clean brush. Large capacity tanks 875ml clean water, 890ml dirty water let you clean longer without emptying or filling.

Suitable for Different Floors and Wastes

Wooden floors, marble, tiles and carpets. Vacuum and wash your floors at the same time & leave the floor immediately dry and streak-free. Perfect for everyday cleaning.

Intelligent LED Display

LED Display Monitors Mode, Power, Battery and Maintenance Condition.

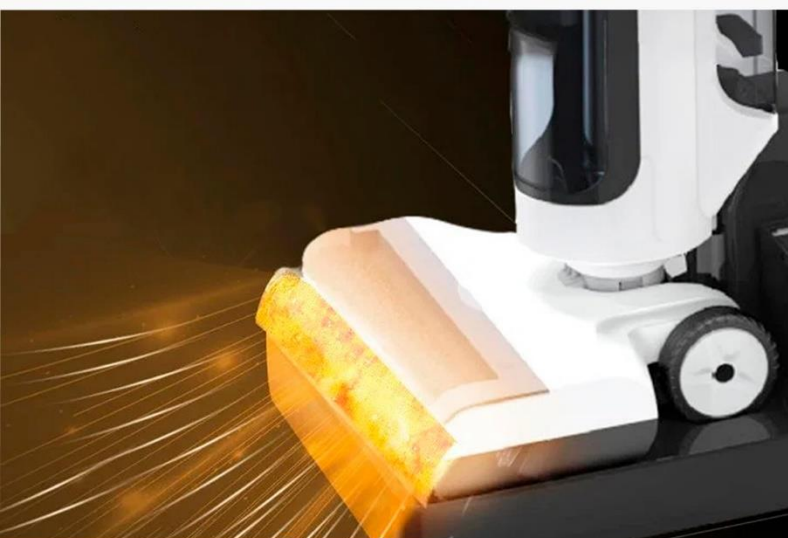

Noise as Low as 60DB

Low noise brushless motor.
Extraordinary air duct design.
Roll noise reduction.

Continuous Use of Clean Water

The water tank can automatically produce electrolytic water and silver ions to clean the floor.

One-Touch Self-Cleaning

At the press of a button, the self-cleaning cycle automatically removes dirt.
Machine deep cleaning.
Pipeline sterilization cleaning.
High-speed centrifugal drying.
Roller brush hot air drying.

Product Parameters

NAME: P310 WET & DRY VACUUM CLEANER

RATED VOLTAGE: 22V

OUTPUT POWER: 200W

NOISE: 60DB

BATTERY CAPACITY: 5200MAH

CHARGING TIME: 4-5 HOURS

**WATER TANK CAPACITY:
SEWAGE TANK 890ML; CLEAN WATER TANK 870ML**

N.W.: 4.65KG

PRODUCTSIZE: 288*245*1125MM

TECHNICAL SPECIFICATION

Suction power up to 12000 PA

Adjustable Vacuum & Water Level

Human Computer Voice Prompt

Smart Roller Self Cleaning

Digital Display

Electrolyte Water

Sweep / Mop & vacuum

Battery Level Indication

Fan

Brush-less fan

Clean Water Tank Capacity

875 ml

Sewage Tank Capacity

890 ml

Cleaning Area

150 -250 5 Sq Mtrs

Battery Type

18650 Lithium Battery

Rated Power

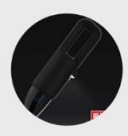

200w (Strong Mode)

Running Time

Standard gear 40 min / Strong gear 30 min

Lighting Key

Short press to turn on the lighting, press again to turn off the lighting and long press for 2 seconds to start the self-cleaning function

Stand by Duration

Automatic shutdown ff there is no command after 5 minutes of standby

Fan Suction Power

- 1. Standard suction: 9000 pa
- 2. Strong suction: 12000 pa

Battery Capacity

5200 mAh / 22 V

Sterilization

Electrolytic water (work during deaning and self-cleaning, not during other periods), silver ion

Thermal Drying System

After self-cleaning, the roller brush on the refill seat will automatically heat dry (after self-cleaning, the drying and heating functions will be started, and the drying and heating functions will be turned 45° every 40s, and the drying and heating functions will be stopped after 2 hours)

Carpet Mode

Turn on and adjust the water outlet to close to realize the dry suction function.

Overall Size(including handle)

288*245*1125 mm(L*W*H)

Noise Level
≤ 69 dB(standard gear)

Water Proof Grade
IPx4

Charging Time
4-5 Hours

Operating Weight
4.65 Kgs
